# *Consultation phase - strategy*

## **Set of agreed common questions for all contacts:**

- (i) What do you expect from the next spokespersons in the next 3 years?
- (ii) And the reverse: what do you absolutely do not want from the next spokespersons? In other words, what it is for you a no-go?;
- (iii) Also, and very important to us: what are your feelings about the November events? In particular how would you feel on a limited (or very limited) list of candidates, should that be the case in spite of our efforts?;
- (iv) And, naturally, we would like to know if you have suggestions, or advises, about possible candidates.
